Do you have our Patient Portal?

Our new Patient Portal makes it easier than ever to access your medical records and manage your health.

Here are some of the things you can take advantage of when you have the Patient Portal:

- Schedule appointments online
- Request medication refills online
- Receive reminders to your cell and email
- Send secure messages to your provider
- Decrease in-office wait time by completing forms online

Access our Patient Portal online, or download the app in either the App Store for iPhone users or the Google Play Store for Android users. Search for "InteliChart" in either store or click the link to download now.

Available on the App Store

Get it on Google play

"Patient Portal makes it so easy to schedule an appointment with my provider."

Patient Portal Features:

- Schedule appointments online
- Request medication refills online
- Receive reminders to your cell and email
- Send secure messages to your provider
- Decrease in-office wait time by completing forms online

Creating a Patient Portal Account is Easy

Step 1   Go to: https://patientportal.intelichart.com

Step 2   Register your account by using an existing email account. You'll need to have your PIN or verification question on-hand to complete this step.

Step 3   Complete the process by confirming your email address for future logins.

You now have your Patient Portal account!
